GOOGLE

IMAGE SEARCH

Google Image Search officially launched on July 12, 2001. The tool was created because millions of users kept searching for images of the famous green Versace dress worn by Jennifer Lopez at the 2000 Grammy Awards. At the time, Google only provided text links, which could not satisfy the massive visual demand.

"The beautiful thing about learning is that no one can take it away from you."

—B.B. King
